Ecologo Mark Product

Marca Ecologo Producto エコロゴマーク商品 Ecologo 标识产品

The EcoLogo program is one of North America's most respected environmental leadership certification programs. To earn the EcoLogo mark, tissue products must demonstrate significantly reduced environmental impact among five key lifecycle based criteria: resource consumption, energy consumption, wastewater quality, aquatic toxicity and solid waste.

Fold Type Paper Towels

Trifold Paper Towel with signature "Absorbency Pockets" that absorb a lot of water fast, for superior hand drying. Designed to increase 27% in water absorption and reduce waste in your work place (about 40% of post-consumer waste). 32. Electric Cooking Appliances

Home Electrical Appliances

Hornillos Eléctricos 家電用品 家用电器

As a wide variety of models from different manufacturers are available, it is almost impossible to code all these models with their detailed specifications. For this reason coding has been done only for the model names and their respective voltages. In some cases the capacity has also been coded. When ordering, please write for more details or ask our representatives for product catalogues or other information.

Electric Hot Plates

Element Covered

Hornillos Eléctricos 電気コンロ 电气平地锅

An electric warmer or portable buffet range. Element is covered by steel plate with natural mica as a protector. Rated capacity: AC 110 V x 1,200 W with a transformer for 300 W, 600 W, 1,200 W.

36. Garbage Disposers**Can Crushers (Can Compactors)**

Compactadoras de Lata

空き缶処理機 开罐机

Units designed to crush cans before recycling or disposal. Electric or manually operated models are available.

Machines of various capacities are available. When ordering, please specify the model name, the capacity (number of cans crushed per hour), and the dimensions of the machine if space is limited.

Unit Per Set

| Manual Operation | | Electrical Operation | |
|------------------|----------|----------------------|-----------------------|
| CODE | Material | CODE | Voltage |
| 17 55 71 | Steel | 17 55 73 | AC 110V 74 AC 220V |

Garbage Compactors

Compactadoras de Basura ゴミ圧縮機

垃圾压缩机

An efficient, mobile compactor essential for marine use. It compacts refuse into small, easy to accommodate packages, drastically reducing the need to dump refuse at sea. A hydraulic pump unit creates high compaction forces at low amperage.

The machine cubes general wastes, bales paper, cardboard, bags, and light weight mixed wastes, and boxes organic waste. The inner and outer cabinet linings are made of stainless steel to resist corrosion.

Machines of various capacities are available. When ordering, please specify the model name, the capacity (volume of refuse), and the dimensions of the machine if space is limited.
